

Financial Markets Program

Program Description

Financial markets (money, debt, forex and capital) are evolving rapidly, making it imperative for bankers & professionals to stay abreast with all the recent developments.

The objective of the program is to provide an opportunity for senior officials of government, regulators & commercial banks

- obtain an overview of the money, debt, forex, capital markets & the related derivatives market
- understand the inter-linkages between various segments of the financial markets
- understand the linkages between domestic and global markets
- interface with regulators and market operators
- appreciate the rationale that goes into the policy making
- understand financial stability and consumer protection issues

Program Highlights

- Eminent speakers and practitioners from regulatory bodies, market infrastructure institutions, banks and other entities
- Opportunity for close interactions and discussions with the experts on various subjects
- Visits to dealing room, stock exchange, clearing corporation

Participant Profile

The target group for the Program are senior level policy makers, regulators, bankers & financial market infrastructure providers. Besides, bank economists, analysts and other senior officials interested or associated with Treasury and Markets in banks or Financial Institutions either directly or indirectly are also welcome.
